Casamina is a 6 bedroom private villa, sleeping up to 8 adults and 8 children. It lies within 3 acres of forest and has over 125 metres of pristine beachfront offering absolute exclusivity and privacy.

Three of the en-suite double/twin rooms are sea-facing with another set-back in a 'tree house'. The children's' accommodation consists of 2 separate rooms, each with 2 sets of bunks, and a shared bathroom. The communal area, a split-level living, dining area and bar, is covered by an impressive thatch roof with open sides offering spectacular views of the ocean, and leading to the swimming pool.

There are unobstructed views of the island from the top of the tower, the perfect setting for breakfast, and a games room with TV, books and board games just below. A study room on stilts is nestled behind the master bedroom. The local coral limestone walls have been handcrafted and are a distinctive feature of this beautiful villa along with the spiral stairs leading up to the tree house

Casamina is staffed with a private chef and hospitality team and has its own 4x4 car with driver. An array of sailing boats and kayaks are available for guests along with fishing, diving, nature walks, community visits and picnics.
